QUAKER PHILOSOPHY:

Friends Child Care Center was founded in 1978 by a number of employees of AFSC and several Quaker organizations within Friends Center. We are guided by the Quaker belief that there is that of God in every person, which inspires and informs everyday life at the center, while affirming the individual value of each child, teacher, and parent.

Cooperation is emphasized in classroom activities. Religious instruction is not part of the curriculum, although children learn about and celebrate holidays from a variety of religious cultural traditions.
